Sr. Louis, March 13.—The Republican has advices from Albuquerque, New Mexico, to February 23d, giving details of a recent battle at Fort Craig. The tight commenced on the morning of the 21st between a portion of our troops under Col. Roberts, and the enemy across the Rio Grande, with varied success, until two o'clock. Col. Canby then crossed the river in force with a battery of six pieces under Capt. McCray of the cavalry, but detailed in command of the battery. He had also a small battery of two howlizers. The enemy are supposed to have had eight pieces. The battle was commenced by the artillery and skirmishers, and soon became general. Towards evening most of the enemy's guns were rilenced. They, however, made a desperate charge on the how-tier battery, but were repulsed with great loss.

The testimony taken before the Select Committee charged by the Senate with the investigation of the subject, fully substantiates the belief that the loss in naval and military material by the surrender of Norfolk is not less than ten millions of dollars. It is known, however, officially, and is in evidence, that not more than eix hundred and eighty cannon were gained to the rebellion by the disgraceful abandonment, and that of these many were damaged. Fifty were 9 inch, one a 10-inch, and one a 11 inch Dabhgren. Same surprise is expressed at the non-appearance of the Select off.

The Merrimac again opened upon us, although we had a peak to show that we were out of action. After having fired several shots into us, she left us and engaged the Minnesot and the shore batteries, after which Lient. RECOGNITIONS OF VALCE.-Four bronze med als have been struck, by order of the Chamber of Commerce, to present the officers and soldiers of Forts Sumter and Pickens—two for each of Forts Sumter and Pickens—two for each fort. The portrait of Slemmer is upon one set, and that of Anderson on the other. The smaller Pickens medal, which is for the soldiers, has on the reverse a view of the fort, and the smaller Sumter medal presents a segment of the battlement, on which a soldier is in the act of planting the American flag. The larger medals have the same pertraits. The reverse of the Pickens medal presents the solid masonry of a fortification, guarded by a Cerberus.
